TE1793R-D
5-Wire Resistive

Designed for high-standard touch applications, the TouchSystems TE 17”Open Frame touch display is perfect for kiosks, touch tables, and public spaces. The TE1793R-D features 5-wire resistive technology and is HID compliant. It easily integrates into enclosures or with computers. The TE 17”Open Frame consists of a dust- and splash-proof bezel design, resulting in a reliable and durable touch solution.

Self-Service and Kiosks
The TE 17”Open Frame can withstand heavy, daily use, and it integrates into existing or custom enclosures.

Public Spaces
The TE 17”Open Frame is both elegant and durable, making it an optimal solution for high-traffic public spaces.

Industrial
The TouchSystems TE 17”Open Frame boasts a dust and splash-proof bezel design and utilizes industrial-grade components.

Customized
The TE1793R-D features rear VESA mounting and side-mounting holes, providing various mounting options for your digital signage needs.
